Chief of Staff
Pennsylvania Wing Civil Air Patrol

Safety Report

1. We are still having outstanding Safety Survey results that need to be updated. I have sent out several reminders and a teleconference describing in detail how to correct this problem. It takes only a few minutes to correct the problem. The actual problem is that a few units put in a completion date for one or more portions of the survey. Those dates have come and gone and need to be updated on-line. Any difficulties just give me a call.
2. We currently have 8 safety incidents that need to be closed. If you are listed as an investigator, please try to complete the incident as soon as possible.
3. Safety is currently looking for assistant safety officers in the field of aviation. If interested give me a call. Senior rating in safety required, master rated preferred.
4. All unit commanders need to verify that their unit safety officer is correctly listed in e-services.
5. The Safety Teleconferences have been very successful however it seems to be the same members attending. All Unit Safety Officers are invited to attend along with the unit commanders. Next Teleconference is tentatively scheduled for Mon July 22 at 9 PM (21:00 hrs local). An email will be sent out.
6. We had a fairly safe encampment with only a few minor incidents which were cleared very quickly. The Encampment Safety Officer did an excellent job and also produced an impressive ORM document.
7. I will be on vacation from Aug 10 until Aug 23. I will be available via email and cell phone most of the time (depends on where I am on the hiking trail of Zion NP). If needed, you may contact the Wing Commander.
8. I will be attending the National Conference in Denver, if you have any questions that you would like to be addressed by the National Safety Officer please let me know.
9. The July e-Safety Newsletter will be sent out this week.

Be safe

Aerospace Education Report

1. The first round of STEM kits have been shipped. Some of the kits have been on backorder. NHQ is aware and is aggressively following the vendors for shipment. Also check any kits received for completeness. If you are missing components let me know ASAP.
2. Glider orientation flights are under way. No issues so far...
3. Two of our members represented us at a STEM conference in Philadelphia. Job well done to 1LT. Tim Case and AEM Penny Glackman.
4. Aerospace Education is moving towards the STEM side of things. Our AEM's are our best source of knowledge in these areas. I can direct you towards any in your area to help. I have emailed them and have gotten positive feedback towards helping.
5. MARC. Has anyone signed up? I did, but no cadets have started yet.

Cadet Programs Report

Cadet Advisory Council

- C/Major Adam Parker was promoted to the Northeast Region Cadet Advisory Council.
- C/Capt Sierra White took his place as PA Wing Chair
- C/1st Lt Kyle Adams took her place as PA Wing Vice Chair
- C/Capt Brittany Clegg was voted in as the new PA Wing Recorder at the March meeting
- We have two new Group DCPs, LtCol Roysetta Bruner is the DCP for Group 2 and Major Mike Hathaway is the DCP for Group 3
- The PA Wing CAC has been working on plans for the September Cadet Conference as well as designing the Wing Commander's Challenge Coin
- A CAC Meeting was held for the Encampment during the PA Wing Cadet Training Schools. Over 175 cadets participated in the meeting.

Cadet Training Schools

- Major Brian Cuce, CTS Commander lead another successful year for the PA Wing Cadet Training Schools from June 22-29, 2013
- 160 Encampment Students registered, 158 graduated
- 26 Leadership Development Students, all graduated
- First year that we offered new Advanced Schools which were a half week. One was the Cadet Commander's Course. 5 cadets attended and graduated. The other was Honor Guard Academy. 9 cadets attended and graduated. The HGA cadets provided Color Guard and Rifle Squad during CTS Graduation. Both courses attracted half of the cadets for each course from out of state.
- 53 cadet staff and 38 senior staff supported the operation
- Highlights include a more streamlined online application process, one of the smoothest and fastest sign ins in recent memory, a more efficient and safe transportation process, a well trained and dedicated cadet and senior staff, and outstanding training including:
- Several visits by Distinguished Guests including the highest ranking member of the US Secret Service (retired) and online briefing by Captain Scott Croskey, USAF and CAP Major/CTS Deputy Commander from his current deployment
- Obstacle Course LRC
- M-16 Simulator Training,
- Visit to the 193rd in Harrisburg
- Visit to the EAATS facility and flight line at FTIG
- Career day with the ANG Executive Officer of the EAATS and an Air Force Thunderbirds pilot among others
- LDC Trips to Gettysburg and Hawk Mountain Ranger School
- The 2014 Cadet Training Schools will be June 21-28, 2014.

International Air Cadet Exchange

- PA Wing will be hosting 6 IACE cadets/escorts from 3 countries from July 27-August 5, 2013. We will have 2 female cadets from Canada, 2 female cadets from South Korea, 1 male escort from South Korea, and one male observer from China.
- The visiting group will start in the West and spend two days in Pittsburgh. They will then move to the State College area for a few days. Then off to Fort Indiantown Gap for

a day before heading to the East where they will spend one day in the Lehigh Valley and two days in Philadelphia.

-Still looking for help with a variety of aspects of the visit from transportation to attending tours with the group to being host families. Please contact the Wing DCP ASAP at cp@pawg.cap.gov if interested in helping.

Operations Report

Training Missions

PAWG has been actively prosecuting several training missions. These missions have focused on all of our core ES missions and have occurred throughout the Commonwealth at the Group Level. We are currently planning on participating in the NER TRAEX 13-4 to be held at the end of this month at UNV.

Operations Evaluation

PAWG underwent a biannual CAP-USAF evaluation (Mission 13-T-5732) in July. It was held at primarily at kBTP. Participation was excellent, and the overall grade was Satisfactory. Of particular note was the communications redundancy and ability to perform all the time. Everyone throughout the wing performed admirably!

Fertile Keynote

This mission continues to expand in tempo as well as resources.

Counterdrug

The height of the Counterdrug season is upon us, and crews are beginning their missions this month.

Aircraft Maintenance Officer

The Aircraft Maintenance Officer (Wing LGM) is stepping down and we are in the process of searching for a replacement. Additionally, the Wing OIC program is getting a facelift to include a more refined duty set along with better articulating responsibilities and authorities.

Communications

With the cooperation of the communications staff, the Communications Inventory has been completed as of 28 June 2013. There are still a number of items requiring a report of survey.

The staff and I are working together to evaluate our capabilities and anticipate the wing's communications needs as we take on the task of administering the tables of allowances.

Chaplain Report

One Character Development Instructor application packet has been processed and forwarded to the NER Chaplain. A second Character Development Instructor application packet is currently being processed by the Wing Chaplain.

Chaplains Randall Matheny, Lucy Pierre, Harris Brody, and Cookie Bracy attended the NER Chaplain Corps Staff College on 4-7 Jun 13 at Joint Base McGuire-Dix Lakehurst.

SMSgt Les Hart represented the chaplain corps at the 2013 Cadet Training School. Chaplain Matheny was not able to attend due to a last minute critical ministry need at his congregation. A back up chaplain for this year could not be secured, but two have committed to be available for 2014.

Plans are currently being developed for recurring Wing Chaplain Corps training

Professional Development Officer (PDO) training:

All PAWG PDOs have been invited to attend the Professional Development Officer (PDO) training which will be held in conjunction with the SLS

2013 PA Wing PDO of the Year nominations are due to Wing by Nov 30, 2013. Award announcement will be at the PA Wing Conference in May 2014

Maj Annette Carlson, PA Wing DPD was named the 2012 National Professional Development Officer of the Year

The Yeager Award (Aerospace Education Program for Senior Members, AEPSM) is now required for Level 3. PAWG will continue to encourage completion of the Yeager/AEPSM in Level 2 for the Yeager Seal on the Davis Award Certificate.

The summary conversation requirement at Level 5 is replaced with a dedicated mentoring requirement. The rationale behind this change is that responsibility for holding the Level 5 summary conversation will now rest with the new member's unit Professional Development Officer (PDO) as part of the PDO's assigned.

The R50-17 shifts responsibility for the "summary conversation" from the unit CC to the unit PDO.

>>>>>Comment - the PAWG DPD will encourage the unit CC and PDO to work together on this, and encourage the summary conversation with every new member be a discussion that includes BOTH the unit CC and the PDO, and any additional unit staff members deemed appropriate to welcome the new member, and get them acclimated as soon as possible.<<<<<<

Administration / Personnel Report

PA Wing has several Units that have fallen below membership regulations as per R20-3, section 2.

Reference: CAP Organizational Report

(Membership of CAP Units. Minimum membership requirements apply to flights and squadrons only. Squadrons must have a minimum of 15 members, 3 of whom must be senior members. Flights must have a minimum of eight members, three of whom must be senior members. Wing commanders should carefully monitor unit membership and make every effort to assist faltering units. However, if it is determined that a unit is unable to maintain minimum membership, it should be redesignated or deactivated as appropriate. NOTE: Incoming transfers count toward minimum squadron membership for new units.)

PA Wing EO Training

Reference: EO Training Report

Equal Opportunity (EO) is part of Level One training. All those who already have Level One training and do not have EO completed should do this as soon as possible. Of the 64 Units in PA Wing only 20 Units **(31%)** have 100% compliance.

PA Wing Members Lacking CPPT

Reference: Members with No CPPT (NER-PA-000 not included)

As per R52-10 section 3b, all senior members must undergo Cadet Protection Program

Training (CPPT) before working with cadets. It is also a requirement for completion of Level I for all Senior Member Professional Development. Members who have not completed training may not associate with cadets in any way without an approved primary supervisor present. As per R52-10 section 3c, all cadets within 6 months following their 18th birthday must undergo the same CPPT. If a cadet promotion is due during that 6-month period, then this CPPT must be completed prior to the promotion. Cadets can take CPPT 6 months prior to their 18th birthday. They will appear on your unit's report as Not Required.

There are 44 Units who have members who require CPPT; below are the totals:

Inspector General Report

We seem to have fallen a bit behind on the completion of SA (Self-Assessments). These are required, and due 12 months and 24 months respectively, from the date of your last SUI.

Please reach out to your Group IG if you should need assistance!
Group IGs are: Regis Dombrowski – Groups 1,2,5 and 6
Bill Parish – Groups 3 and 4

A Highly Successful Senior IG Course was held on April 6-7 at Ft Indiantown Gap. Col Ed Burns and Col Dick Probst from National taught the course, along with the NY IG Len Schindler and myself assisting. We had 16 students attend the course from across the state, and from other states as well, a new IG record!
A heartfelt Thank You to Col Brandon and members of Wing Staff for providing much-needed support, allowing this important course to be held in PA Wing for the fourth time in five years!

The IG Basic course is a valuable course for all audiences, and covers much of the information relating to SUIs!

To enroll in the IG Basic course, send an e-mail to Ed Burns, at eburns@cap.gov

Along with the NER change in command on August 11, a new NER IG will be appointed, no word yet on that appointment.

We are always looking for those interested in helping out in the IG area, specifically assisting with SUIs.
If interested, please contact me.

Historian Report

On June 7th, 8th, and 9th 2013 Pennsylvania CAP members hosted a CAP WW2 living history encampment set up on Spaatz field Reading, Pa. For the past eleven years CAP WWII history comes alive during Mid Atlantic Air Museum's WWII weekend Home Front area. This year two encampments were set up; Industrial Courier Service station # 4 (based at Reading Air field during WW2) and Coastal Patrol Base # 2, Rehoboth Delaware. The area consisted of a

GP small tent as a working Industrial Courier Service staffed by personnel, radio's, manuals, maps and other equipment used to perform various ICS duties. To the left of the tent was CPB #2, with four vintage aircraft in a row manned by pilots and crew to answer questions about the aircrafts and the missions they flew. Along with the senior personnel we had NYWG cadets re-enacting various duties and training classes that would have been held during WW2 time period through the weekend. Current recurring handouts, magazines and information were distributed during the event also. We had special guests joining us on Saturday; members of 1950's CAP Brooklyn, NY group assembled to celebrate Col. Lenard Blascovich's sixty years of service in CAP, Col Blascovich was a member of Brooklyn group and former CAP National Historian for many years. Mr. Harry Mutter a former Reading cadet from 1945 stopped by to tell us about his time spent in CAP. Mr. Mutter went on to college after his four years enlistment in the US Air Force and graduated with honors as an aeronautical engineer and worked on versus Boeing's missile programs for over 40 years. Col John Swain from DC was on hand to take photos of the encampment and kept us up to date about the Congenial Gold medal for CAP WW2 veterans...

We had thirty six (36) CAP re-enactors present this year and 20 Cadets

In closing I'd like to say despite the weather on Friday (rain, rain & more rain) the turnout was great, a lot of people stopped by throughout the three days to asking questions about CAP early years and present. During the flying demonstration, CAP aircraft turned a few heads as they did a fly-by. To my

opinion the CAP living history encampment was a great success, not only by my observation but the comments made by others in passing.

In addition to that reported, we have picked up several unit Historians over the last couple of months which is encouraging.

Also, the Delaware Valley Wing of the Commemorative Airforce, of which I am a member, provided our L-9 WWII aircraft for the encampment display which rounded out all there aircraft used during our WWII involvement in sub chasing.

George Brizek does an outstanding job at these encampment s at the Reading Airshow over these many years and I wish the Wing would commend him at the annual Wing Conference for his effort so. I am requesting that you do so. This year. He should be recognized with an award I don't know which. I can find out how many years he has been doing this, so if you do honor him you will have the correct number of years service at Reading.

As a surprise event, my long time CAP buddy Len Blascovich was presented with is 60 year award. We go back since the 1953 Encampment at Olmstead AFB
